The Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, more commonly known as the Clery Act, requires colleges and universities to:

- Publish an annual report every year by October 1 that contains three years of campus crimes and certain security policy statements;
- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus and off campus buildings or property that are owned or controlled by the university and frequented by students. The statistics must be gathered from the University Police Department, Division of Student Engagement and Success, local law enforcement, and University officials (Campus Security Authorities) who have “significant responsibility for student and campus activities”;
- Provide “timely warning” notices for those crimes identified by Clery Act that have occurred on campus and pose an ongoing threat to the campus community;
- Implement emergency notification procedures if there is an immediate threat to the health and safety of the campus community;
- Maintain a daily crime log available to the public;
- Maintain in a fire log a record of any fires that occurred in an on-campus student housing facility.

Annual Disclosure of Crime Statistics:

Texas A&M University-Corpus Christi (TAMU-CC) is dedicated to providing a safe and secure campus environment for all students, faculty, staff and guests. This information has been prepared to ensure that Texas A&M University-Corpus Christi is in compliance with the federal guidelines under the Crime Awareness and Campus Security Act of 1990. This report is prepared by the University Police Department (UPD) and includes crime statistics for the previous three years that occurred on campus, at certain off-campus buildings/property and on public property adjacent to and accessible from the campus. Crime statistics are collected from the University Police Department, Division of Student Engagement and Success and Campus Security Authorities. The University Police Department obtains information from the Corpus Christi Police Department on crimes that occur at off campus buildings/property that are owned or controlled by the university.

Notification

An email notification is sent to current students, faculty and staff providing information on how to obtain a copy of the Campus Security and Fire Report. Students and Employees can obtain a copy of the report from the University Police Department or the UPD website <http://police.tamucc.edu/campusSecurityAct.html>. Upon request, prospective students and employees may obtain a copy of the report at the University Police Department or the UPD website. The report is also accessible through the Human Resources, Student Engagement and Success and Admissions office websites as well as the on-line university Graduate and Undergraduate catalogs.

TAMU-CC Police Jurisdiction/Authority

The University Police Department is the sole law enforcement agency on the campus of Texas A&M University-Corpus Christi. The University Police Department reports to the Executive Vice-President for Finance and Administration. The University Police Department is located on the west side of the campus on Oso Lane and is ready to assist twenty-four hours a day, every day of the year.

The University Police Department employs commissioned peace officers who are licensed by the Texas Commission on Law Enforcement Officers Standards and Education. University police officers are empowered by the Code of Criminal Procedures to enforce all state and local laws. Pursuant to Section 51.203 of the Texas Education Code, the primary jurisdiction of Texas A&M University-Corpus Christi police officers includes all areas in which property is owned, rented, or otherwise under the control of Texas A&M University-Corpus Christi. The University police officers also enforce the rules and regulations of Texas A&M University-Corpus Christi. The police officers of Texas A&M University-Corpus Christi have the same authority to detain and arrest as municipal police officers and are authorized to carry firearms.

Patrol Operations and Investigations Division

Two of the five divisions of the TAMU-CC Police Department are: Patrol Operations and the Investigations Division. Patrol Operations is divided up into three shifts that deliver police services to the campus community. These services are provided by police officers who patrol the campus by vehicle, bike, and foot. The patrol officers are the first responders to all emergencies on campus. The Investigations Unit carries out the investigatory function by conducting preliminary and follow-up investigations of crimes that have occurred on campus. The detectives assigned to the division work closely with other law enforcement agencies as well as the Nueces County District Attorney's office. All crimes that are reported to the University Police Department are investigated and referred for prosecution when appropriate. Criminal matters involving students are also referred to the University's Judicial Affairs Office.

Interagency Relationships

The University Police Department (UPD) maintains a close working relationship with the Corpus Christi Police Department, Nueces County Sheriff's Department, Texas Department of Public Safety and other local, state and federal law enforcement agencies. Although at this time there is not a written agreement, the UPD has a mutual understanding with these agencies, that all crimes occurring on the campus of TAMU-CC will be investigated by the UPD officers. These agencies are available to assist UPD with investigations if needed.

Reporting Criminal Activities and Other Emergencies

It is imperative that all crimes and suspicious activity be reported to the University Police Department, accurately and promptly. Police officers are available twenty-four hours a day, year round. Crimes and emergencies can be reported to the University Police Department by any of the following means:

- Call the UPD from any on campus phone by dialing ext. 4444 or off campus phone by calling 361-825-4444;
- Go to the UPD in person;
- Make contact with an officer on patrol;
- Use Islander Watch App

For off campus crimes or emergencies, we encourage prompt reporting to the proper local law enforcement agency.

Confidential Reporting

If you are the victim of a crime and do not want to pursue action within the University system or the criminal justice system, you may still want to consider making a confidential report. With your permission, the UPD can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. Although exempt from the reporting requirements of the Clery Act, pastoral and professional mental health counselors are encouraged to refer persons they are counseling to report crimes on a voluntary, confidential basis especially incidents that may pose a threat to others. Reports filed in this manner are counted and included in the annual crimes statistics for the institution.

Police Response

The University Police Department (UPD) responds to all emergencies and investigates all reports of criminal activity that occur on campus. The University Police Department responses include but are not limited to the following:

- Investigate reports following UPD procedures.
- Arrests, file charges with the appropriate courts when such action is necessary.
- Forward reports involving students to the office of Judicial Affairs for review and potential judicial action.

Campus Security Authorities

Although the University encourages the campus community to report all crimes to the University Police Department, we recognize that some individuals may prefer to report to other individuals or offices on campus, and may do so by contacting any “Campus Security Authority.” “Campus Security Authorities” are defined as any university officials who have “significant responsibility for student and campus activities.” The following have been identified as “Campus Security Authorities”:

- Division of Student Engagement and Success
- Director of University Housing
- Director of Residence Life and Resident Assistants
- Director of Student Activities
- Faculty/Staff Advisors of Student Groups
- Director of Athletics and Coaches
- Title IX Coordinator

Crime Alerts (Timely Warning)

The circumstances in which a Crime Alert (Timely Warning) will be generated include, but are not limited to, the receipt of a report to the University Police Department or other Campus Security Authority involving a crime reportable under the Clery Act that poses a serious or continuing threat to the campus community. The Chief of Police or designee is responsible for determining if a Crime Alert will be issued. Determination will be made on a case by case basis after considering all available facts, such as the nature of the crime, length of time between when the crime occurred and when it was reported and whether or not a continuing threat to the campus community exists. Crimes that fall under the Clery Act include, but are not limited to, arson, murder/non-negligent manslaughter, aggravated assault, burglary, robbery and sex offenses. Crime Alerts will be publicized through the university email system to students, faculty and staff, will be posted on the UPD website and social media and flyers may be posted throughout campus. Crime Alerts will contain sufficient information about the nature of an identified threat to assist the campus

community in taking appropriate action to protect themselves or property. The Crime Alert will generally include:

- Description of the type of crime
- General location, date and time the crime occurred
- Physical description of suspect(s), if available
- Suggested measures in which members of the campus community can take
- University Police case number

It is important to note that in some cases law enforcement may need to withhold some facts if releasing the information would compromise an on-going investigation or reveal the identity of the victim.

Crime Log

The University Police Department maintains a daily activity log of all crimes that have occurred on campus and is made available to the media, public and campus community. The log identifies the type of crime, location, time and date that the crime was reported to the University Police. This log can be viewed on the UPD website.

Off Campus Crimes

Texas A&M University-Corpus Christi does not have any off campus student organizations and does not monitor or track law enforcement proceedings against students involved in off campus crimes. The UPD only tracks crimes that occur at off campus locations required by the Clery Act.

Crime Prevention and Security Awareness Programs

The University Police Department is available to conduct many different presentations. These presentations are held throughout the year during orientation, special events, employee development day, and upon requests of classes and student organizations. Some of these programs include:

- Active Shooter Response
- Personal Safety
- Sexual Assault Prevention
- Dating/Domestic Violence
- Alcohol/Drug Awareness
- Protecting Personal Property against Theft and Burglary
- Violence in the Workplace

The University Police Department provides crime prevention tips through brochures, flyers, table tents, and on campus monitors.

The University Police Department encourages students and employees to be aware of their responsibility for their own safety and to be concerned for the safety of others.

Missing Student Notification

If a person has reason to believe that an on-campus resident student is missing, he/she should immediately notify the University Police Department (UPD) at 361-825-4444. If a non-resident (resides off campus) student is reported missing to university personnel, UPD will notify the proper law enforcement agency, within 24 hours, and assist with the investigation.

The reporting party should provide the following information:

- The relationship of the concerned party to the missing student,
- How long the student has been out of contact,
- If there is a reason to believe the student might be in distress or if there is a threat of imminent harm,
- Background and descriptive information.

Should UPD determine that the student has been missing for more than 24 hours, UPD will notify the Division of Student Engagement and Success, Corpus Christi Police Department, and the student's emergency contact.

If the student is under 18 years of age and is not an emancipated individual, UPD will notify the student's parent or legal guardian and emergency contact(s), as designated in the records of the University, immediately after determining that the student has been missing for 24 hours.

If contact is made with the student, he/she will be instructed to get in touch with the concerned party. Students are encouraged to periodically review and update their emergency contact information in the student information system (S.A.I.L.) and are also given the option to opt out.

All students have the option to identify an emergency contact person(s). This person will be notified, within 24 hours, if UPD and/or local law enforcement determine the student is missing. This contact information will be confidential and accessible only to authorized university officials and law enforcement personnel involved in an emergency response. To designate an emergency contact person, please login to S.A.I.L. at: <http://sail.tamucc.edu/>.

In addition to registering an emergency contact in S.A.I.L., students residing on-campus housing have the option to identify an emergency contact person with on-campus housing at Camden Miramar. Contact information will be accessible only to authorized campus officials and law enforcement.

Students will be notified of the procedure to designate an emergency contact person and of the missing person reporting process via University "Islander" email.

Emergency Response/Notification and Evacuation Procedures

In the event of an emergency involving an imminent threat on campus, the University Police Department will respond and confirm that there is a significant emergency or dangerous situation that is a threat to the health and safety of the campus community. The Chief of Police or designee will notify the President of the University or designee. The University Police Department will determine which segment or segments of the campus will be notified of the emergency and will without any delay activate the campus emergency notification system. The University Police Department will decide on the content of the emergency message, taking into consideration the safety of the campus community. The University Police Department will only delay the emergency notification in the event that the notification will compromise efforts to assist victims, contain, respond to, or otherwise mitigate the emergency. Depending on the nature of the emergency, other members of the campus Emergency Management Team will be notified and will report to the Emergency Operations Center. The University Police Department will request assistance from outside law enforcement agencies and coordinate response efforts. The Director of Communications and Public Affairs or designee will communicate with local television stations and radio stations to disseminate emergency information to the surrounding communities. During the incident, the University will utilize the campus emergency notification system to provide current information regarding the incident and what actions if any the campus community should take. Once the University Police Department has determined the threat is over, the campus community will be notified via the emergency notification system.

Texas A&M University-Corpus Christi is committed to providing a safe environment for the campus community. In the event of an immediate threat, the University Police Department or the Public Information Officer will notify students, faculty, and staff by the following methods:

Outdoor Voice & Sound Alarm

The University has an outdoor broadcast sound system that can be heard throughout the campus similar to emergency sirens and stadium speakers. The system will be utilized for warning the campus community regarding active emergencies where there is concern for the safety of students, employees and visitors. Such incidents include but are not limited to, sudden, severe weather emergencies; threats to human life; and fires or other physical incidents where campus evacuation may be necessary. The system provides both audible signals and public address, where spoken notification can be easily heard by those who are outdoors. The University Police Department is responsible for activating this system. The system is routinely tested by UPD the first Tuesday of every month between 2:00 p.m. and 4:00 p.m.

Code Blue Notification System

The University uses a third-party emergency notification system that has the ability to contact students and employees by work phone, cell phone, text message and/or email. The severity of the emergency will determine how many forms of contact are used. An email alert will come from TAMU-CC Code Blue (codeblue@tamucc.edu). Phone and text messages will be sent to the number outlined on HR Connect or SAIL. The University will send a message twice a year

reminding each user that they are in the system; in addition to a message the user receives when the number is added to the system. Faculty, Staff and students may opt out of the text messages at any time by replying to any message with “Stop TAMU-CC” and will not receive any further emergency text notices. Code Blue will be activated by UPD or Public Information Office; the system is tested periodically throughout the year.

University Website, Social Media

Special notices will be posted on the university website home page tamucc.edu. Social media, such as Facebook and Twitter serve to reach the public. Notifications are posted on these platforms that have language similar to what is crafted on email blasts to the campus community and through the Code Blue Notification System.

Campus Work Phones

A voicemail message may be sent to all campus telephones. A voicemail message may be deployed in the event of an emergency with a pre-recorded message.

Classroom Telephones

Telephones have been placed in all classrooms. If an emergency occurs and it’s necessary to communicate with people in classrooms, the phones will be utilized to relay information.

Area Television Stations, Radio Stations and the Newspaper

Corpus Christi television and radio stations and the Corpus Christi Caller-Times daily newspaper are very supportive in helping the University inform people regarding weather notifications and emergencies. Notifications and updates are sent with frequency to all media resources so they can broadcast these messages to their viewership and readership.

Information Hotline Telephones

The University maintains two information hotlines that are recorded messages that are updated regularly during an emergency to provide information the faculty, staff and students.

- Faculty/Staff Information Hotline: Local 825-9999 Toll Free 1-888-234-4005
- Student Information Hotline: Local 825-0000 Toll Free 1-888-234-4887

Campus Evacuation Procedures

The President of the University or designee will authorize campus evacuation orders. Once an evacuation order has been given, students and employees should follow the instructions and timelines for leaving the campus and should alert others to do the same. Information about returning to campus will be communicated through the University web page and phone information line. Annually, the University Emergency Management Team conducts a table-top exercise that tests the evacuation procedures, notification systems, and recovery of the campus in the event of a campus evacuation. A description of the drill is documented and an After Action Report is completed and kept by the Environmental Health and Safety officer.

Building Evacuation Procedures

An evacuation will occur when the fire alarm sounds and/or notification is given by the University Police Department. All persons (students, employees, and guests) are to immediately vacate the building in as safe a manner as possible. All persons should follow orders given by UPD officers at the scene. Personnel shall not return to an evacuated building until instructed by UPD or other University officials assisting. In collaboration with the testing of Fire Alarms, unannounced evacuation drills are conducted each semester for on campus buildings and resident halls. The building evacuation is documented and reviewed by the Environmental Health and Safety office and the Director of University Housing.

The campus community is encouraged to report all safety concerns to the University Police Department or the Environmental Health and Safety Office.

How to be an Active Bystander

Bystanders play a critical role in prevention of sexual and relationship violence. They are "individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up or do something about it." We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. If you or someone else is in danger, dial 911 or call the University Police 361-825-4444. Below is a list of ways you can be an active bystander:

- If you see someone that looks like they are in distress or need help, ask if they are okay.
- Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
- Speak up when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior, or experience stalking.
- Refer people to on and off campus resources listed in this document.

Risk Reduction

With no intent to victim blame and recognizing that only rapists are responsible for rape, the following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org):

- **Be aware of your surroundings.** Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- **Try to avoid isolated areas.** It is more difficult to get help if no one is around.
- **Walk with purpose.** Even if you don't know where you are going, act like you do.
- **Trust your instincts.** If a situation or locations feels unsafe or uncomfortable, it probably isn't the best place to be.
- **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
- **Make sure your cell phone is with you** and charged and that you have cab money.
- **Don't allow yourself to be isolated** with someone you don't trust or someone you don't know.
- **Avoid putting music headphone in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
- **When you go to social gatherings, go with a group of friends.** Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
- **Trust your instincts.** If you feel unsafe in a situation, go with your gut. If you see something suspicious, contact law enforcement immediately.
- **Don't leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
- **Don't accept drinks from people you don't know** or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from punch bowls or other large, common open containers.
- **Watch out for your friends, and vice versa.** If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
- **If you suspect you or a friend has been drugged, contact law enforcement immediately.** Be explicit with doctors so they can give you the correct tests.
- If you need to get out of an uncomfortable or scary situation here are some things you can try:
 - a. **Remember that being in this situation is not your fault.** You did not do anything wrong, it's the person who is making you uncomfortable that is to blame.

- b. **Be true to yourself.** Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason.
- c. **Have a code word with your friends or family** so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing.
- d. **Lie.** If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse.
- **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
- **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

Procedures Victims Should Follow if a Crime of Domestic Violence, Dating Violence, Sexual Assault or Stalking Occurs

After an incident of sexual assault, domestic violence, or dating violence the victim should consider seeking medical attention as soon as possible at Driscoll Children's Hospital, 3533 Alameda, Corpus Christi, TX 78411 (if under the age of 21) or Doctor's Regional Hospital, 3315 Alameda, Corpus Christi, TX 78411. In Texas, evidence can be collected even if the victim chooses not to make a report to law enforcement. It is important that a victim of sexual assault not bathe, douche, smoke, eat, brush teeth, urinate, change clothing or clean the bed/linen/area where they were sexually assaulted so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protective order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted diseases. Victims of sexual assault, domestic violence, dating violence and stalking are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to University hearing boards/investigators or police.

Involvement of Law Enforcement and Campus Authorities

Although the university strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police. The University will assist any victim with notifying law enforcement if they so desire. Texas A&M University-Corpus Christi Police Department can be reached directly by calling (361) 825-4444, in person at 6300 Ocean Drive (located on Oso Lane), Corpus Christi, TX. Additional information about the University Police Department is available online at: <http://police.tamucc.edu>.

Reporting Incidents of Domestic Violence, Dating Violence, Sexual Assault and Stalking

If you have been a victim of domestic violence, dating violence, sexual assault or stalking, you should report the incident promptly to the University Police Department (if victim so desires) and the University's Title IX Coordinator, Mr. Samuel Ramirez, Corpus Christi Hall Room 130, (361) 825-2765. Reports of all domestic violence, dating violence, sexual assault and stalking made to the University Police Department will be referred to the Title IX Coordinator for investigation regardless if the complainant chooses to file charges.

Procedures the University Will Follow When a Crime of Domestic Violence, Dating Violence, Sexual Assault and Stalking is Reported

The University has procedures in place that serve to be sensitive to victims who report domestic violence, dating violence, sexual assault and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. The University will make such accommodations, if the victim requests them and if they are reasonably available, regardless whether the victim chooses to report the crime to the University Police Department or local law enforcement. Students and employees should contact the Title IX Coordinator, Mr. Samuel Ramirez, Corpus Christi Hall Room 130, (361) 825-2765.

Adjudication of Violations

The University disciplinary process is consistent with the institution's policy and will include a prompt, fair, and impartial investigation and resolution process transparent to the accuser and the accused. Usually, the resolution of complaints of sexual misconduct are completed within 60 days of the report, however the proceedings timeframe allows for extensions for good cause with notice to the accuser and the accused of the delay and the reason for the delay. Investigators and hearing board members are trained annually on the issues related to sexual assault, domestic violence, dating violence and stalking and taught how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability. Furthermore, each policy provides that:

1. The accuser and the accused will have timely notice for meetings at which the accuser or accused, or both, may be present;
2. The institution will allow for timely access to the accuser, the accused and appropriate officials to any information that will be used after the fact-finding investigation but during formal and informal disciplinary meetings and hearings;
3. The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the accuser or accused.
4. The institution provides the accuser and accused the same opportunities to have others present during an institutional disciplinary proceeding. The accuser and the accused each have the opportunity to be advised by a personal advisor at any meeting or proceeding. The advisor may only consult and advise his or her advisee, but not speak for the advisee at any meeting or hearing;
5. The accuser and the accused will be notified simultaneously in writing of the result of any disciplinary proceeding, as well as any changes to those result or disciplinary actions prior to the time that such results become final; and
6. Where an appeal is permitted under the applicable policy, the accuser and the accused will be notified simultaneously in writing, of the procedures for the accused and the victim to appeal the result of the institutional disciplinary proceeding. When an appeal is filed, the accuser and the accused will be notified simultaneously in writing of any change to the result prior to the time that is becomes final as well as of the final result once the appeal is resolved.

Process (Students)

Timeline:

Once the University receives notice of an allegation of domestic violence, dating violence, sexual assault or stalking, every attempt will be made to bring resolution to the incident within 30 -60 calendar days. Delays to this timeline may result due to criminal investigations, holiday breaks, final examinations and other circumstances as deemed appropriate. Interim actions to remedy the situation may occur during the investigatory process.

Investigation:

Once a complaint is received, the Title IX Coordinator will initiate a prompt, thorough and impartial investigation if there is reasonable cause to believe that a violation has occurred. The Title IX Coordinator may work in conjunction with the Office of Student Engagement and Success and the University Police Department throughout the process. The investigation may include the interviewing of multiple parties, compiling and verifying statements, obtaining and gathering documentation including the outcomes of medical evidence testing, speaking with expert witnesses, research and writing an executive summary of facts regarding the alleged incident. Pending the outcome of that investigation charges may be issued to the accused(s). The investigation may not substantiate charges under the sexual misconduct policy, however may indicate other violations of the Student Code of Conduct, which may be referred to the Office of Judicial Affairs to proceed with the standard process. If the investigation is unsubstantiated and there is no other evidence of other violations is presented, no hearing will occur and the case will be closed.

Pre-Conference Meeting:

Once a charge has been issued, the accused will be given notice to attend a pre-conference meeting. During this meeting the alleged charges, the conduct process and the accused rights will be discussed. A pre-conference meeting will also occur with the alleged victim to discuss the process and their rights.

Hearing:

A hearing date may then be set and all individuals who are to be in attendance will be notified of the day, time and location. This notice will include the names of any witnesses that will be requested to attend to provide information.

A notice will be sent (certified letter and/or email) to the hearing board members, accused and alleged victim (s) notifying them of when they are able to review information that will be presented at the hearing. The hearing package will include the full investigator's report and will be available at least three business days prior to the hearing. Additional relevant information, not known and/or not available at the time the hearing package was prepared, may be presented at the hearing. If this

The accused and the alleged victim may be able to ask questions during the hearing.

If the board needs to review additional information an executive session may be called by the chair to allow time for additional witnesses to be called before the panel or to address procedural questions. In rare circumstances, a hearing may be tabled and scheduled to reconvene at another time.

Fire Safety Report 2016

Disclosure of Fire Safety Standards and Measures

HEOA Section 488(g)

2016

Executive Summary

Texas A&M University-Corpus Christi provides on-campus student housing in partnership with two developers. Camden Property Trust, a privatized housing developer, owns and manages the Camden Miramar property. Collegiate Housing Foundation, a non-profit housing developer, owns the Momentum Village property and contracts with American Campus Communities to manage the property. As such, all housing facilities' fire safety and sprinkler systems are maintained by their respective management teams. The University works with staff at both properties to conduct fire drills and to educate on-campus residents about fire safety. II. Description of Fire Safety and Sprinkler System

- A. **Camden Miramar Apartment Buildings 0-9** – There are ten apartment buildings located on campus. Each building is equipped with the same fire systems. Each building has a fire alarm panel, audio/visual devices and hand pull stations at the end of each breezeway on each floor. A sounder is located inside each apartment with 110 volt smoke detectors located in and outside each bedroom which only sound in that apartment. Each fire alarm control panel reports alarms and troubles to the monitoring company and to the main panel located in the clubhouse.

The laundry facilities of these buildings are fully sprinkled with NFPA 13 wet pipe automatic fire sprinkler systems. As part of these systems a complete riser assembly with the necessary valving, monitoring devices and backflow prevention was installed at each building. The flow and tamper switches are wired into the alarm system to show a water flow situation or someone turning the sprinkler water supply off. The fire protection systems were designed in accordance with the mandatory requirements contained in the National Fire Protection Association (NFPA) Code Pamphlet.

Every kitchen is equipped with a fire extinguisher and extinguishers are available in public areas as appropriate. These fire extinguishers are inspected annually and replaced as required. The front doors of each unit are fire rated at 45 minutes. Facilities are inspected bi-annually by the State Fire Marshal's Office.

Installation of Fire Department Connections (F.D.C.) on each building. Installation of plastic tenting over any automatic sprinkler piping occurring in the attic spaces prior to the attic insulation. The fire protection systems were designed in accordance with the mandatory requirements contained in the National Fire Protection Association (NFPA) Code Pamphlet.

Every kitchen is equipped with a fire extinguisher and extinguishers are available in public areas as appropriate. These fire extinguishers are inspected annually and replaced as required. Resident Advisors conduct nightly rounds of the property to check for maintenance and safety concerns. In addition, the State Fire Marshal inspects the property bi-annually. Camden Miramar and Momentum Village strive to be proactive in the repair and upgrading of fire safety and fire safety education tools and equipment.

Planned improvements include:

- Momentum Village has no improvements planned because the system is new. Any issues with the system will be repaired as needed.
- Camden Miramar will replace or repair a number of pull stations, horns, and smoke detectors as indicated by the annual fire inspection.
